## Clinic Start-up October 25, 2007

On a nice, fall day with Halloween just around the corner, the Live Oak Clinic opened its doors for the first time. The volunteers present that evening remember being both jubilant and nervous – enthusiastic about bringing a needed service to our community but concerned about all the details that could have been overlooked.

By the end of that evening volunteers and patients alike felt confident that a worthwhile service had, indeed, been brought to the Brazosport area.

Doctor Sanjay Aggarwal

The clinic would never have made it to start-up without a multitude of dedicated volunteers. At the top of a list of those who brought us to October 25, is Dr. Sanjay Aggarwal, the volunteer medical director for the LOC.

Dr Aggarwal graduated from Manchester University Medical School in 1988 and completed his residency and fellowship training in Cleveland, Ohio, and San Antonio, Texas. He is a specialist in pulmonary, critical care and sleep disorders ( board certified in pulmonary and internal medicine). His office is located at 201 Oak Drive South in Lake Jackson, Texas.

Dr. Aggarwal and his wife have lived in the Lake Jackson area for the past ten years. They are involved with raising their two sons and participating in many community activities.

The LOC is one way that Dr. Aggarwal has chosen to help make an impact in the Brazosport area. His vision is a multispecialty clinic that will also be a resource that will provide health care information for the community.

Thank you, Dr. Aggarwal, for helping our beginning.

### *Message from our President Tim May*

*The demand for affordable health care for uninsured residents of Brazosport continues to grow. Through the partnership of the Dream Center and the hard work of a dedicated group of volunteers and directors, the Live Oak Clinic opened in 2007 to help meet these needs. We will continue to work hard to grow our capabilities.*
