

Butch Reimer Memorial Fund for Scholarships

Inspired by the announcement that Dehmlow family and its Max Muscle store (Woodbury, MN) would be establishing an annual scholarship to be awarded in Butch Reimer's name to student athletes in the Twin City area, the Reimer Family and I have decided to begin a similar scholarship fund in the Green Bay area for Pulaski seniors and UWGB Nordic skier/softball players. Each year the Butch Reimer Memorial Scholarship Fund will award funds to worthy students based on their future academic and athletic pursuits.

Butch spent over 20 years in the Green Bay area participating at the highest levels in soccer, fast pitch softball, and Nordic skiing as well as coaching both young men and women at Pulaski High School and the University of Wisconsin Green Bay. His passion for working with young adults and seeing them reach lofty goals was the genesis for starting this scholarship fund. Thus, even after his death, Butch will continue assisting young men and women in reaching their education and athletic goals.

Donations to this tax deductible fund are welcomed and can be made by sending checks to:
