

Dear Jill,

Thank you for choosing me to receive Butch's scholarship. Butch meant a lot to me not just as a coach but as a friend as well. That is why I got a tattoo with his name and death date on my right shoulder blade. There is a picture of it at the bottom of this letter. This scholarship will help me greatly with the purchase of my books for the first year of school. My books alone will be running at a cost of about \$150 per book. Tuition for the school and all costs will be around \$32,000 dollars. My major is going to be occupational therapy which is a four and a half year masters program. I will never forget the lessons your husband has taught me on and off the field.

Sincerely
