Honoring the Author: ★ Ann Fagan Ginger,
(ApexPress): **Nuclear Weapons Are Illegal —
The historic opinion of the World Court and
How it will be enforced.**

"Nuclear Weapons are the first man-made weapons that can destroy everything on this planet. They are the greatest immediate man-made threat to the future of all human beings..."

"On July 8, 1996, the World Court ruled that the use or threat of use of nuclear weapons is subject to the rules of international law applicable to armed conflict and to the rules of humanitarian law, which nuclear weapons cannot satisfy."

*"The Court unanimously announced its opinion that: **"There exists an obligation to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control."***

This opinion may be the most important opinion by a court in the history of the world."

Attention, creativity, and service to a better world.

This month we acknowledge **Ms. Ann Fagan Ginger**, a brilliant Berkeley attorney-activist-author who is founder of the **Meiklejohn Civil Liberties Institute** and author of a lucid landmark book gifted recently to STAR ALLIANCE entitled: **Nuclear Weapons Are Illegal — The historic opinion of the World Court and how it will be enforced.** Ms. Fagan's pioneering work will be discussed and **appreciated in her presence, and she will make remarks.**

You'll also hear about an exciting concept to create a miniature, cooperative "**Ring of All Nations**" project in **Berkeley**, as a special cooperative **peace** academy for STAR ALLIANCE and a base for the **future, spectacular floating "Ring of All Nations" on San Francisco Bay!** A great planning and test-activity center for the larger project would be the beautiful, historic **Berkeley Main Post Office Building** which is coming up for sale and re-use soon, so this is the perfect time to start envisioning together in earnest!

You'll also hear about an extremely encouraging trip to the **Google Global Headquarters** at Mountain View for their special "**ThinkPerformance**" event recently. **Thank You Very Much, Google!** What a boost!

R.S.V.P. for best planning at the **Viceroy, November 3rd, Sat, 1 PM in Berkeley** — but in any case, don't stay away!

Best regards,
Peter DuMont, President [510-540-8887](tel:510-540-8887)
